# WEATHER SYNOPSIS BY REGION

## **NORTHERN CALIFORNIA**

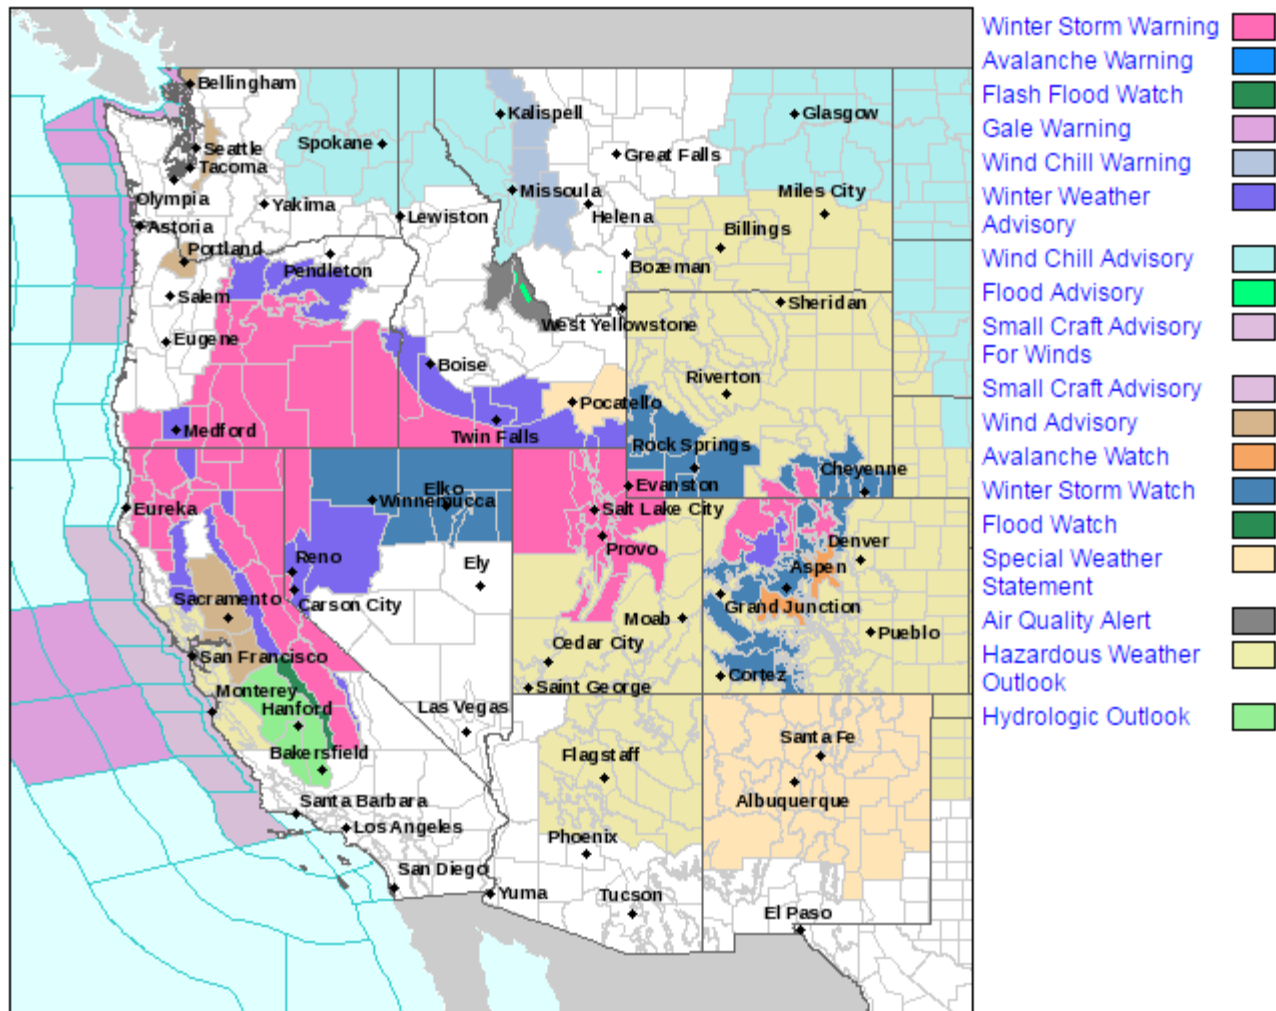

For the region, the recent weather pattern of dry and warm afternoons and cold mornings will shift to one with gusty winds, mostly cloudy skies and light precipitation in a fairly cold air mass. This pattern will develop exist through tonight as a series of cold low pressure systems drop in from the north. Light precipitation will continue in most areas today, ending first in northwestern areas and finally ending in southeastern areas early tomorrow. Overnight lows may drop to the mid 20s in the Sacramento Valley to just below zero in the higher mountain valleys beginning tomorrow.

## **SOUTHERN CALIFORNIA**

Zonal flow will bring scattered showers with light rainfall totals from a Monterey/Fresno County line northward through this afternoon. Moisture will increase this evening bringing heavy rain to most of Central California through Thursday morning. Scattered showers with light rainfall totals will occur across Southern California Wednesday evening through Thursday evening. Rainfall totals will be between 3 and 6 inches across the foothills and mountains of Central California and between 0.50 and 1.50 inches across the rest of Central California through Thursday evening. Most of Southern California will receive less than a quarter inch of rainfall Wednesday evening through Thursday evening. The snow level will be around 7,000 feet. South to west winds of 15 to 25 mph with gusts to 40 mph will surface across the wind prone mountain and desert areas through Wednesday morning and then increase to 20 to 40 mph with gusts to 60 mph Wednesday afternoon through Thursday evening. Temperatures will be near normal through Thursday, with 40s to low 50s across the mountains and mid 50s to mid 60s in the valleys. A weak ridge of high pressure will bring a little warmer and dry conditions to the entire region Friday. Zonal flow will set up again this weekend through early next week bringing heavy rainfall to Central California through the period. Southern California will likely remain dry for much of the weekend and then heavy rain will be possible Sunday night through early next week. The snow level will rise to around 10,000 feet this weekend and then drop back down to around 7,000 feet early next week. South to west winds of 20 to 30 mph with gusts to 50 mph will surface across the mountain ridges and desert passes Saturday afternoon through early next week. Temperatures will be a little above normal this weekend and then cool to near normal early next week.

# CAL OES LAW ENFORCEMENT MISSIONS

## New Cal OES Law Missions

- **2017-LAW-29060, 1/3/17 at 0600 hours:** Calaveras County requested cell phone forensics and a search helicopter to locate a 42 year old male missing while snow shoeing. AFRCC has provided cell phone forensics which provided a search area of 38.3848508° by -120.235662° and the California National Guard is working on a helicopter. The weather is hampering helicopter support. **Mission Ongoing.**

## Closed Cal OES Law Missions

- **2017-LAW-29046, 1/2/17 at 1800 hours:** Mariposa County requested 20 Type I searchers for a missing 17 year old at 37° 29.477' by -119° 37.415', which plots to the Fish Camp area of Mariposa County. Fresno, Merced, Madera and Kern were contacted. The missing subject was able to self rescue before mutual aid resources were deployed. **Mission Closed.**

# CAL OES MISSIONS

## Cal OES Missions

- **2016-Coastal-26477:** Cal Recycle debris removal assistance requested for the Clayton Fire in Lake County; on scene through 02/01/17. **Mission Ongoing.**
- **2016-Coastal-26412:** DTSC clean up assistance requested for the Clayton Fire in Lake County; on scene through 02/01/17. **Mission Ongoing.**
- **2016-SOC-24742:** Hazardous Waste Task Force to segregate, collect, and package hazardous waste at the 250+ destroyed and damaged structures in the Erskine Fire burn area. This is expected to be in place until further notice. **Mission Ongoing.**
- **2016-IREOC-21748:** Tasking Cal Trans to extend state highway right of way to facilitate hazard tree removal. This is a long term mission and is expected to remain in place through the summer months. **Mission Ongoing.**
- **2015-IREOC-19846:** One RAWS weather station to Amador OA – On scene 11/30/15, expected to be left in place until May 2017. **Mission Ongoing.**

# **Cal OES 2016 DROUGHT**

**The SOC remains activated in support of the Drought State of Emergency and continues to monitor the situation.**
